For your attention and action where appropriate: (this information can also be found on our website <http://bit.ly/2udGQts>)

Dear all,

I am sure you are as horrified and angry as I am about the news from Gaza and the West Bank. Below is a call to action from EAPPI with some other comments and actions that can be taken.

There are so many things that are not being mentioned in the media - like the statements from Israeli and Jewish groups and the protests being held by them.

For an interesting comment on the appalling media coverage see the the reputable journalist Jonathan Cook: <https://www.jonathan-cook.net/blog>

Best wishes, Ann

Plastic food packaging

Greenpeace petition calls on UK supermarkets to go plastic-free. By ending plastic packaging, supermarkets have the power to lead the way in dramatically reducing the amount of single-use plastic produced. UK supermarket Iceland has announced plans for their own-brand packaging to go plastic-free. Call on UK supermarkets to end throwaway plastic packaging:

The Global Catholic Climate Movement

Have A Climate Heart - To - Heart With Your MP This Summer

Speak Up - Week 30th June – 8th July

This summer be part of something incredible: a national conversation on how climate change is affecting the life we love. More and more of us are feeling the effects of climate change on our everyday lives, but when we Speak Up together we can create a powerful and unified voice that our MPs will want to join.

THE SPEAK UP WEEK IS FOR EVERYONE

Whether this is your first time talking about climate change or you're on first-name terms with your MP, the Speak Up Week is for everyone - and the best news is, there's absolutely no wrong way to get involved! Let your creativity fly by hosting an event as unique as you are - take your MP on a tour of an incredible local energy project, host a fair in the park and invite the entire neighbourhood, or partner with your local football team to show how climate change is affecting your favourite sport - or keep it small and simple by visiting your MP at their surgery or gathering your closest friends for a tea party. So long as you're speaking up, no event or conversation is too big or small.

There will be resources to help you at www.cafod.org.uk and <https://www.theclimatecoalition.org/speakupweek>

To help you keep abreast of what is going on in the dioceses our Website is updated on a regularly. We also now have a twitter account so please follow us.

With best wishes as always,
